

2024 Veteran's Salver at Belmont GC Monday 14th October, 2024 4BBB Stableford

Each team will consist of 2 players who are 50 years of age and over. Each player plays their own ball using their daily handicap. At the conclusion of the hole, the player with the highest number of Stableford points on that hole enters their score on the score card or Mi-Score. In order to avoid slow play, players should pick up if they can't better the score of their partner. There will be 2 Divisions (Team handicaps will be determined by adding both players Daily Handicap and dividing by two)

Please use Mi-Score if possible - cards will be provided for anyone who doesn't have Mi-Score.

The Committee reserves the right to change the division handicap range or to alter the number of divisions in this event, or, in the case of insufficient entries, to cancel the event.

In the event of a tie for the Vet's Salver the result shall be decided by countback over the last 9 holes and as per the GNSW countback calculation method.

Division 1: 0 - 22

Division 2: 22.5 - 45

NTP's in 2 Divisions -

Players Daily Handicaps - Div 1 - Plus - 22 Div 2 23 - 45
